Allowable Subject Matter

1. Claims 1-5,7 and 15-38 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: With respect to independent claims 1,16, and 25, the prior art of record does not disclose nor suggest an apparatus for transporting ions from an ionization source region to a first vacuum region within a mass spectrometer, wherein the union comprises means for providing a substantially airtight seal between the source region and the first vacuum region such that a low pressure is substantially maintained within the first vacuum region upon decoupling of the first capillary section from the second capillary second in combination with remaining limitations of the claims. Since this aspect is not disclosed nor suggested in the prior art of record, independent claims 1,16,25, and dependent claims 2-5,7,15,17-24, and 26-38, which also incorporate this aspect, are deemed allowable over the prior art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
